For badging and access to the NREL site, visitors are required to show government-issued photo identification (for example driver's license, passport, or military ID). If you are not a U.S. Citizen and a Foreign National Data Card (FNDC) form must be completed and approved prior to your visit for you to have access to the site.

The NREL address is 15013 Denver West Parkway, Golden, CO 80401. A map of the NREL campus is attached and a map of the Denver Area.

If you are driving to the site, upon arrival to NREL’s South Table Mountain site, visitors are to drive up to the East Site Entrance Building window (Far left lane) where Security staff will confirm that you are on the expected visitor list. Visitors will receive a parking placard and should park in the Research Support Facility (RSF) Visitor Parking Lot which is located to the right upon your entrance.

Visitors will then enter the RSF lobby where their identification will be checked and a visitor badge provided. You are required to display/wear your badge your entire time while on Site.

If you are arriving in a cab please follow the procedures above for gaining access to the site. Below is a list of taxi and shuttle services for the area.

Before traveling to NREL, please remember that the lab is located at a high altitude with varying weather conditions. Please plan accordingly. Visit http://www.denver.org/about-denver/high-altitude-tips/ for tips.
